

Sam's round up on the first ever Gravesham Pride

Gravesham Pride... What a colourful experience. To be able to be part of such an important celebration was just magical.

The colours, the fluidity... Awe inspiring. As a gay man to be part of my first Gravesham Pride was an unforgettable experience. To know that the local community cares and wants to celebrate Pride each year just makes me prouder to live in Gravesend.

And just as I thought it wasn't just the LGBTQ+ community that attended. To see families come and join in the celebrations just shows how far we have come and how accepted we are today.

To sum it up, Pride was an experience filled with electricity that I will never forget. Having my mum and sister enjoy it all with me, celebrating their gay son and brother meant more than words can explain. And for ellenor to be part of it all, well that was just something that I will treasure. It meant so much to see my colleagues joining in such a huge event. I can't wait for the next one.
