# New temporary entrance and parking

As we build for the future, there are some temporary changes to our entrance and parking facilities at ellenor.

## Temporary entrance

Our new temporary entrance can be found in **Marks Square DA11 7HU**. This is at the rear of the hospice, just a few minutes walk from the front entrance.

@ellenorcharity [ellenor.org](http://ellenor.org) Registered charity no. 1121561

## How to get there:

### Arriving from the direction of Wrotham Road:

As you approach the front of the hospice on Coldharbour Road, take the first right into Packham Road and take the **second right** into Marks Square. Follow the road round until you see the entrance clearly signposted.

### Arriving from the direction of Vale Road:

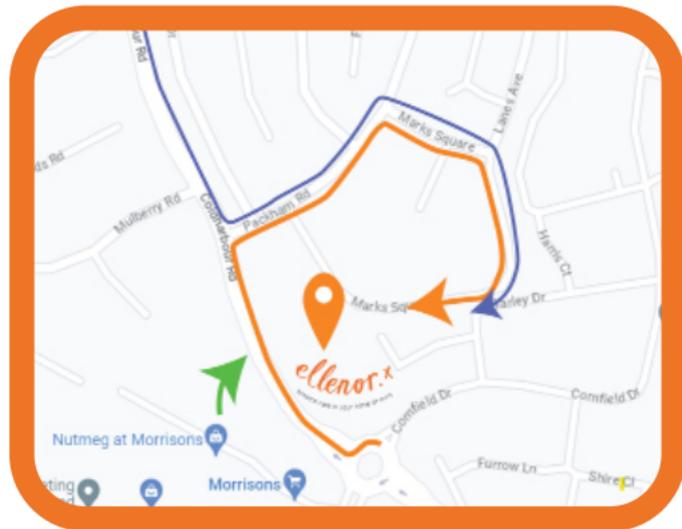

Just before you approach the front of the hospice on Coldharbour Road, take a left into Packham Road and the **second right** into Marks Square. Follow the road round until you see the entrance clearly signposted.

### Parking:

Due to building works, our car park is currently running at a reduced capacity. In order to avoid an overflowing car park, and to keep our neighbours happy, please use the Morrisons Car Park where possible.

Morrisons – Coldharbour Road – Gravesend – DA11 8QB

**IMPORTANT** – Please note that there is a 3-hour max stay in Morrison's car park. If you require a longer stay, please get in touch ahead of your visit and we will try to arrange this.

### Arriving from Morrisons car park:

On entry to Morrisons car park, take the first right after the petrol station and park as far right as possible. You will see a path that takes you up to Coldharbour Road and a pedestrian crossing over to the front of the hospice. Then follow directions to the new temporary entrance in Marks Square.

### On arrival:

Once you arrive at the new temporary entrance, please make your way to the host desk where you will be greeted.
