

From 24 April 2023 there will be some changes to the car park here at **ellenor**.

To allow us to build for the future we need to temporarily close the car park for staff and visitors.

Please note that there will be just 5 spaces allocated to **ellenor** which we will manage as 'Priority Parking only' for the duration of the closure.

This means you should only utilise the allocated spaces for one of the following reasons:

- You are a relative/friend of a patient in the IPW and have been called in as an emergency.
- You hold a blue badge and are physically unable to park off site.
- You are a patient being seen at the Hospice and are physically unable to park off site.

Public parking is available around the local area subject to restrictions. We apologise for any inconvenience this may cause, we hope to open the car park as soon as we can.
