

# ASBESTOS BENEVOLENT INSURANCE

## PRIVATE HEALTH INSURANCE

Our care is provided free of charge, however, most private health care insurers are often willing to make a payment to us. **ellenor** generates most of its funds from the generosity of our community.

If you have contributed to any health care policies, we may be able to apply for a contribution towards the costs of your care. Please let your nurse know the details of the your insurance company.

## MESOTHELIOMA

If you have been diagnosed with this illness, you may be entitled to obtain financial assistance in the form of legal compensation.

Whilst it cannot compensate for the diagnosis you have been given, it may relieve concerns about your financial future. You may be able to recover the loss of earnings or pension and the cost of nursing care.

This can be an effective way of supporting your family and ensuring your peace of mind. If you are pursuing compensation, **ellenor** may also be entitled to recover care costs. Although all of our care is free of charge to patients and families, each day in our Inpatient Ward costs **ellenor** £416.

## BENEVOLENT FUNDS

If you, or any family, are members of benevolent funds or guilds, we may be able to receive a contribution for hospice care from them. We would be very grateful if you would give us the details of this because it will enable us to continue to care for those in need. Your details will only be used to request a contribution from insurers or funds, and only with your agreement.

Please speak to your nurse.

Part of providing the best care and support for families, means being there for as long as a family needs us.

You can help us to be there, when we're needed.

Please speak to a member of staff or visit our website for ways you can help.

*Thank you*
